ART QUEEN!

## ROCKSTAR

Since the dawn of civilization different creative disciplines have cross pollinated one another. Blacksmiths discovered their forging hammer had rhythm, and the beatnik poets were inspired to set their words to bebop more recently. Sometimes 1+1 does not equal two, it equals 20 when inspiration strikes twice. Come and witness both the visual art and music of folks who have been knighted by both swords.

From world famous Rock Star Artists: Graham Nash, Ann Magnuson, Daniel Johnston, Victoria Williams, Rennie Sparks (Handsome Family) and Johnette Napolitano (Concrete Blond,)

To desert luminaries Debora Iyall, Travis Kline and Carol Ann of The Thrift Store All Stars, Bingo (Bingo's Dream Band, Thrift Store All Stars), Korinna Knoll (Neulander), Ted Quinn, Krissie Gregory, Joshua Kjerstad (The Clouds), Jessika Rabbit (Gram Rabbit), Moby Dick and Shari Elf...

And including wild cards like author Rick Moody (Wingdales), Alicia Bay Laurel, Doug Newman, Randy and Nico Polumbo, Art Paul Schlosser, Randy the Banjo Ghost and New York performer/artists David Wojnarowicz, James Nares, Hannah Marcus, Alan Vega, and Phranc...

**From 3 to 7pm. Free Party and Concert** with performances by Ann Magnuson, Phranc, The Sibleys, Shari Elf and the Fairy Elf Band, Ted Quinn, Doug Newman, Neulander, The Clouds and Harmondale with special surprise guests to celebrate the opening of the ROCKSTAR exhibit. Free drinks, fun and tasty snacks!

RockStar, the Art of Musicians, will run from May 13-August 31, 2007, with musical recordings by most of the participating artists available for your listening enjoyment as you view their art works.

## **Art Queen**

61855 Highway 62, Joshua Tree, CA. (in back past the trailers)  
“Steeped in American roadside tradition, ART QUEEN strives to bring genuine, pure, and powerful work to its community. Founders Shari Elf and Randy Polumbo, both artists themselves, believe in a fun, and inclusive atmosphere, celebrating thoughtful, inspiring, and accessible work, whether self taught, professionally trained, or serendipitously discovered genius.”

PS. If you are interested in Biodiesel fuel in Joshua tree, check this out:

(YES it will run in your regular diesel vehicle but with way less emissions and it smells like French fries because it is either virgin vegetable oil, or recycled restaurant oil, at approximately the cost of regular diesel. No it does not contain any fossil fuels. Fossil fuels really suck, especially for your kids!!!)
